## Facts About August

Written by: **Shash Wighton**

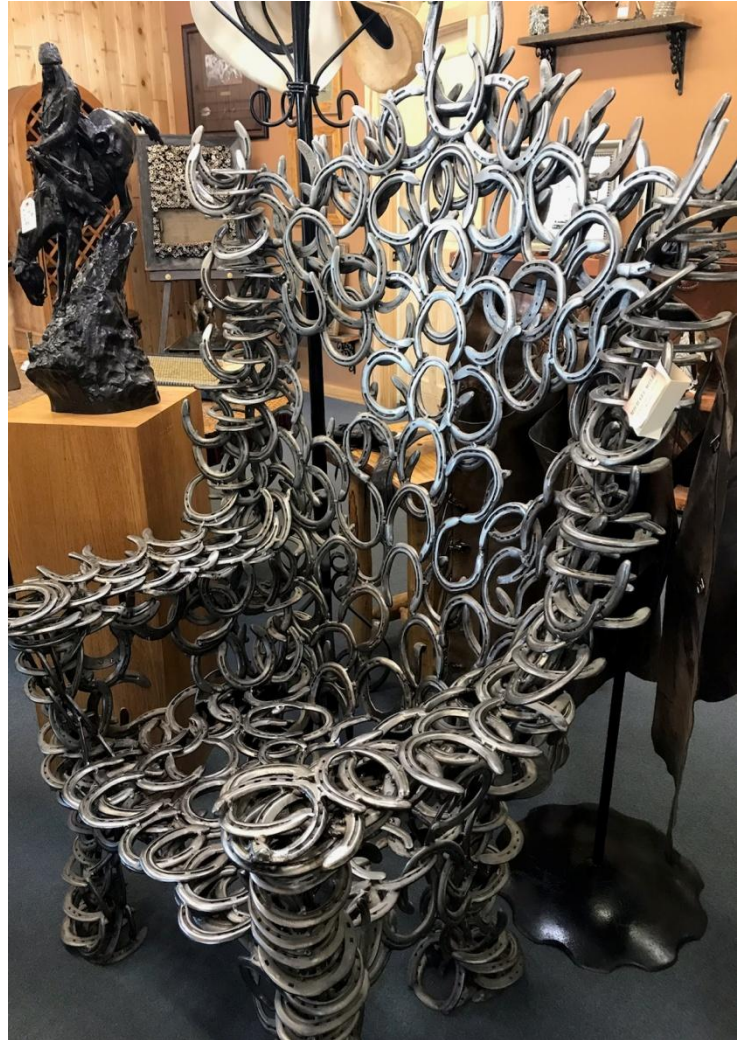

August was once the sixth month of the year.

August has also changed its number of days multiple times.

August is also a little bit unique, most of the time at least. In a standard year, there is no other month that begins on the same day of the week as August. In a leap year, however, August begins on the same day of the week as February.

On August 6, 1762, the first-ever sandwich was created, at least with such a name. It was named after the Earl of Sandwich when he requested a dish involving meat between two pieces of bread.

On August 28, 1963, that Martin Luther King Jr gave his famous "I have a dream" speech.

**This was made by Michael Miller. He called it  
the Horse Shoe Throne.  
It is in Darby, Montana.  
It sells for \$14,999.**

## Black Horseshoe Kitty Doorstop Paperweight Sculpture Cast Iron

Designer: Carvers Olde Iron

\$ 23.99

**It stands about 8" tall and about 7" long  
Note this is not very heavy. It weighs 1 and 1/2 lbs.**

## Horseshoe tablet/ phone stand

\$24.00

Milwaukee, Wisconsin

Westernstarwelding

## President's Reflections

July is World Horseshoe Tournament time and we are anticipating our Washington participants to bring home the gold, so to speak. But more importantly, we are proud to have them representing Washington state by doing their best with great sportsmanship. It is also time to plan for our Washington State Tournaments in Spokane coming up September 4-6. (Singles 4<sup>th</sup> and 5<sup>th</sup>, Doubles will be on the 6<sup>th</sup>.) Please read more very important information at the end of this piece. I'm sure you will enjoy reading the article about Charlie Tapper. What an amazing career he has had at Boeing starting when I was a year old! Most of us who are retired feel a sense of accomplishment after 30, 40 or 50 year careers and Charlie is still giving his best with 70 years of service with no plans to retire. We all look forward to talk to Charlie at our tournaments and some of us have the pleasure of competing with him. Keep going Charlie!

### **HOW AND WHEN TO REGISTER FOR THE STATE**

**TOURNAMENT:** I will be sending out a separate email to everyone on this Shoes News email list with 2 entry forms attached: The State Doubles Tournament Entry Form and the State Singles Entry Form. **ALL PAID ENTRY FORMS MUST BE RECEIVED BY MAIL OR GIVEN TO ME BY MIDNIGHT, AUGUST 23<sup>rd</sup>, 2021.** My address is 10119 228 Place SE Woodinville, WA 98077. Do not send them to our Treasurer, Rhonda Davis. The fee is \$25 for the Singles tournament. The fee for the Doubles tournament is \$15 each or \$30 for the doubles team. Make checks or money orders payable to "WSHPA". There is no entry fee for Juniors or Cadets. The entry forms have more information on them regarding qualifications to participate. Please read and adhere to the qualifications. The last sanctioned tournament to qualify for the State tournament will be the Bellingham International on August 21 and 22. As soon as I get more information on the annual meeting and banquet in Spokane, I will let you know. If you know someone who wants to pitch in the State Singles and/or Doubles Tournaments in Spokane but does not have email, please print and give them the entry forms so they can mail them along with their entry fee checks to me by the deadline. Thank you very much.

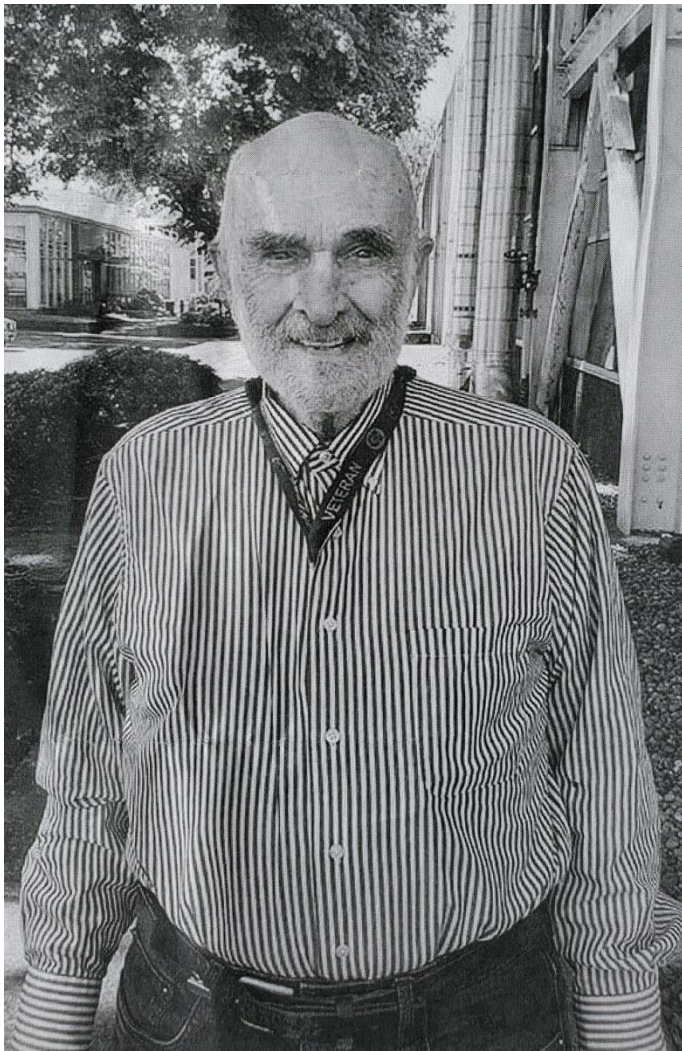

# Employee marks 70 years of service

Charles Tapper, part of the BDS Property Management team after seven decades at Boeing, shares his simple advice for charting a rewarding career.

BNN

Monday, June 21, 2021

When Charles Tapper started his career at Boeing in June 1951, he used a slide rule and a mechanical calculator, about the size of a desktop computer, as his tools. He and the company's entire engineering team occupied just two floors of the same building. And never did it cross his mind that humankind would explore domains such as deep sea and space – let alone that Boeing would lead the way. "That was just the stuff of comic books," Tapper said.

As Tapper marks 70 years since his first day at Boeing, he often has seen –and played a part in making – the impossible become reality.

Charles Tapper, part of the Boeing Defense & Security Property Management team in Seattle, has worked on a multitude of defense programs during his 70 years at Boeing. [\(Boeing photo\)](#) He initially worked on aircraft engines, testing and maturing preliminary designs. Since then he has worked on a multitude of defense programs.

"I can't tell you about all of my jobs," Tapper said. "After 70 years, it's hard to remember. But what I can tell you is I've spent my time at Boeing doing exactly what I wanted: serving my country and seeing the programs I have been part of succeed."

His love of country and airplanes spurred him to leave Boeing for some time to serve as a naval aviator, stationed in Hawaii. But even after rejoining the company, he spent 35 years with the U.S. Navy Reserve. (Courtesy Charles Tapper) Those experiences were personally rewarding and enriched the skills and perspectives Tapper brings to Boeing each day.

Tapper considers his time with the company a win-win. For as much as he has invested in his customers and teammates over years, Boeing, he emphasized, has given back equally to him.

"Boeing is a great place to work. It really is," he said. "Getting to work on huge, important programs and knowing that those programs will last for a long, long time gives you moments of joy every day."

Tapper's manager, Todd Schultz, has been nothing but thrilled to work with him.

"It's special to have someone with that length of experience who is still so passionate," said Schultz, who has been especially impressed by Tapper's work ethic and his ability to build relationships. "Everyone knows him when they see him, and that speaks to all he puts into making personal connections."

Tapper's advice to other Boeing employees is simple: Be open-minded about new assignments; nurture relationships with teammates and customers; work hard at every job; and, most importantly, keep asking questions. By doing that, Tapper said, rewards will follow.

"You learn from people at Boeing. Everyone has a story to tell," he said. "I've never stopped asking questions."

Tapper's work group is planning a celebration in the coming months, after telecommuters are back-on-site. But that's not stopping him from celebrating in his own way. As for how he plans to spend this noteworthy week, he declared: "I'm going to work!"
