The Bellingham Club presented Gene Kuiken with a plaque thanking him for his years serving as President of the Club and all his hard work and dedication.

A long overdue presentation was made to Gary Shinpaugh as he had won the Traveling Trophy for the 2020 season of the Winter Winetrouts. Better late than never!!

**GARY SHINPAUGH
WAS ELECTED AS THE NEW
PRESIDENT OF THE BELLINGHAM
CLUB.**

President's Reflections

The Fourth of July—also known as Independence Day or July 4th—has been a federal holiday in the United States since 1941, but the tradition of Independence Day celebrations goes back to the 18th century and the American Revolution. On July 2nd, 1776, the Continental Congress voted in favor of independence, and two days later delegates from the 13 colonies adopted the Declaration of Independence, a historic document drafted by Thomas Jefferson. From 1776 to the present day, July 4th has been celebrated as the birth of American independence, with festivities ranging from fireworks, parades and concerts to more casual family gatherings and barbecues. The Fourth of July 2021 is on Sunday, July 4, 2021; the federal holiday will be observed on Monday, July 5, 2021.

We pitched through record breaking heat at the end of June but the weather is returning back to normal now. It is so good to see more people back on the courts enjoying the fun and competition. We still have two more tournaments before the World Tournament in Winnemucca, Nevada which begins on July 19th. The Lakefair Tournament in Olympia will be held on July 10th and the Ed Welsh Open in Spokane is on July 17th. We are proud of our 18 Washington state participants headed to the World Tournament in Winnemucca, Nevada and wish them well. They are (in no particular order) Don Davis, Matt Fuller, Barry Gentle, Larry Lewis, Bonnie Lewis, Bill Martino, Jon Turnbull, Cindy Clausen, Phyllis Quist, Jim Quist, Shelly Ryder, George Green, Vic Magnus, Herb Milbourn, Nick Nicholson, Russ Phillips, Dennis Tutewiler, and Ron Heutink. Unfortunately, I will not make it this year. GOOD LUCK to all of you. Relax, relax, and relax. Easy for me to say! Take care everyone and God Bless, Jon.

From Cindy

We just got word that we lost another horseshoe family member.

I'm so grateful to have a couple videos of Reidar playing his harmonica and singing before a couple of tournaments.

BORN

February 16, 1929

DIED

June 19, 2021

Samish Island - Reidar Ytgard, beloved husband, father, brother, grandfather, uncle and friend, went to be with the Lord in the early morning hours of June 19, 2021 at 92 years old. He was born in Everett, Washington to Christine and Lars Ytgard on February 16, 1929, the youngest of three children. Growing up in the Sterling community near Sedro Woolley, he developed a love of music at an early age and taught himself to play the harmonica. He entertained his family and friends for many years playing his favorite childhood tunes and hymns.

After graduating from Sedro Woolley High School in 1946, he served in the Army during the Korean War and worked for the Burlington School District for several years. He married the love of his life on December 20, 1971 and retired after working for Skagit Valley College for 29 years.

He lived a long, happy life and is survived by his wife of nearly 50 years, Mildred Ytgard, and children Wendy (Keith) Morrison, Deanne (Jim) Ballock, Krista West, Diane Lawrenson (Joe Bee) and Terry (Joanne) Holden. He was a beloved grandfather to 12 grandchildren and 10 great-grandchildren as well as an uncle to two nieces and two nephews.

He was preceded in death by his parents, sister Borgny Heyntsen, brother Erling Ytgard, daughter Arlene Goldsmith and grandson Brian Morrison.

Reidar enjoyed playing basketball, throwing horseshoes, camping, woodworking and spending time with many life-long friends. He regularly sang and played his harmonica at Burlington Lutheran Church and sang the Star-Spangled Banner and cheered on his team at many Skagit Valley College basketball games.

He spent his retirement years on Samish Island where he enjoyed clam digging with his family and friends, gardening, bird watching and rescuing stray kitties. He was a kind and loving man who always had time to bend everyone's ear with a lively conversation and a joke. He brought great joy to all who knew him.

Reidar's graveside service is Monday, June 28 at 1 p.m. at the Burlington Green Hills Memorial Cemetery. A memorial will be held at a later date at the Burlington Lutheran Church.

To plant trees in memory, please visit our [Sympathy Store](#).

JULY ASTRONOMY

July 2020 is an exciting month for stargazing and bright planets. Both Jupiter and Saturn will reach their closest point to Earth and be at their brightest!

20 Facts About July

Written by:

[Shash Wighton](#)

1) July was named after the famous Roman general Julius Caesar by the Roman senate; as it was the month he was born in.

2) As the second month of Summer, July is, on average, the warmest month of the year in the northern hemisphere.

3) In the southern hemisphere, though, July is, on average, the coldest month of the year, being the second month of winter.

4) In early July, a period of time called the “dog days of summer” begins. In the southern hemisphere, though, “summer” begins.

5) Coincidentally, it was in July that the rabies vaccine was first successfully given to a patient. The French microbiologist Louis Pasteur administered the vaccine to a nine-year-old called Joseph Meister on July 6, 1885.

6) On July 5, 1946, the world’s first bikini was unveiled in the famous Piscine Molitor swimming pool in Paris.

7) Julius Caesar wasn’t the only military genius born in July. Alexander the Great was another important historical figure who changed the shape of the world and was born somewhere around July 20, 356 BC. In early July, a period of time called the “dog days of summer” begins.

8) The Anglo-Saxons had multiple names for the month of July, including Maed-monath and Hey-monath. Respectively, these translated into “the flowering of meadows” and “hay month.”

9) On [July 4](#), 1776, the 13 American colonies declared their independence from the British monarchy. The 4th of July, formally known as Independence Day, has been a federal holiday since 1870 in the United States of America.

10) July isn’t just the month for Independence Day, though. There are plenty of other great holidays observed around the world!

11) July has some pretty delicious month-long observances, too! In the US, at least there are three, in particular, that stand out – It’s National Watermelon Month, National Hot Dog Month, and National Ice Cream Month.

12) On [July 25](#), 1909, Louis Bleriot became the first man to fly an aircraft from one country to another successfully. He took off from the coast of France and landed across the channel near Dover, England.

13) There are two star signs which fall in the month of July. If you’re born before [July 22nd](#), then your star sign is Cancer. If you’re born after this day, from [July 23rd](#) onward, then you’re a Leo.

14) July 12, 1943, was an explosive day. On this day, Russian and German forces fought the largest tank battle in history, with 900 tanks on either side obliterating each other at close range. After a cease-fire was ordered and the smoke cleared, there were only 300 German tanks left standing.

15) If you’re doing everything right, then crops of corn are meant to be “knee-high by the fourth of July.” It’s also in July that crop circles start to appear in fields of corn. For the most part, Crop circles have only started appearing since the 1970s, although there have been a number of cases sporadically reported throughout history.

16) Despite it being the first month in the second half of the year, July 1st is not actually the middle of the year. In a regular non-leap year, the midpoint is actually on July 2nd at 1 pm.

17) July has two birth flowers – the water lily and the larkspur. The water lily is a symbol of a pure heart, while the larkspur (especially its white form) represents the lightness of the heart.

18) The birthstone of July is the ruby, considered by many to be the king of gems. At one point in time, it was considered to protect warriors on the field of battle if it was embedded in their armor.

19) July was an important time for the space race of the ‘60s. The first crewed mission to the moon, the Apollo 11 Mission, launched on July 16, 1969. Four days later, on July 20, 1969, Neil Armstrong made history by taking the first step on the moon while declaring, “That’s one small step for man, one giant leap for mankind!”

20) On [July 20, 1969](#), Neil Armstrong became the first human to step on the moon. He and Aldrin walked around for three hours.

July 16, 1945, was another big day for the world and a step down a very dark period of history. It was on this day in Alamogordo, New Mexico, that the first atomic bomb was detonated. The bomb was called “Fat Boy,” and its explosion sure was fat – the mushroom cloud was 41,000 feet (12.5 kilometers) high.
