## President's Reflections

March is upon us which means soon we will see flowers like crocus, tulips and daffodils, forsythia, azaleas and rhododendrons, cherry blossoms and so many more. I know we are all looking forward to the wonderful floral Spring display especially after the outbreak last March of, well you know. We'll have to wait until June to "smell the roses". We are still waiting to pitch in Seattle and other sites but we cannot let this pandemic keep us down. Let's count our many blessings, be grateful for our family and friends, and do what we can to help those less fortunate. Some of you have been pitching already; weather permitting, with your club members despite the outbreak. Stay safe, throw ringers, and get ready for tournaments. Hopefully we can start them very soon. We will send a group email when we find out when and where we will begin the season. Until then, God bless you all, Jon.

### **2021 World Tournament Registration Additional Information**

*Individuals cannot be entered into the 2021 World Tournament until they have paid their 2021 membership.*

*Thanks to everyone that has already registered. We hope to see as many of you as possible.*

*We say goodbye to one more of our horseshoe family. David Dow passed away on January 31, 2021. He was an active member of the Kennewick Horseshoe Club for many years.*

*Dave loved horseshoes and bowling. He also was a very talented artist. Jim & I have two lovely eagle paintings by him in our home.*

*Our thoughts and prayers go out to Dave's family.*

Cindy Claussen's father recently passed away and we send our condolences to Cindy and her family.

### **OLYMPIA HORSESHOE CLUB REPORT By Jean Covington**

*We lost our winter pitching barn that we have rented for 30 years. Five or six of our "die Hard" pitchers are still practicing at Yauger Park (weather permitting) and when they can find a dry pit.*

*With less expenses this year and no barn rent or Tournament expenses, the Club voted to donate some money to our Sponsor, Riversedge Restaurant.*

*Duane Nault, President, and Jean Covington, Sec/Treas, went to the restaurant and presented the check.*

## Fun and Interesting Facts About St. Patrick's Day

### How St. Patrick's Day Originated

How many St. Patrick's Day facts do you know? Probably that it falls on March 17 and honors the Catholic saint who legendarily chased snakes from Ireland. Here are some more fun facts about St. Patrick's Day that you can use to wow your friends and family.

St. Patrick's Day began as a religious holiday to honor St. Patrick, who brought Christianity to Ireland in the fifth century, according to [History.com](#). Shamrocks became a symbol of the day because, as legend has it, St. Patrick used the three leaves of the shamrock to explain the Holy Trinity to people.

The first parade for the holiday interestingly occurred in what's now St. Augustine, Florida (then a Spanish colony), on March 17, 1601. Then, New York City held a parade in the 1700s in honor of the Irish soldiers who were serving in the English military. And ultimately the interest in parades expanded to other cities across the country and around the world.

### Irish in the United States

In 1991, Congress proclaimed March to be Irish-American Heritage Month, according to the [U.S. Census Bureau](#). As of 2019, 9.2% of the U.S. population (or roughly 30.4 million people) claims It honors the achievements and contributions of Irish immigrants and their descendants who are living in the United States today Irish ancestry, according to the Census Bureau. That's more than the population of Ireland itself, which is around 5 million people. Cook County, Illinois, which includes Chicago, is the U.S. county with the most people (438,350 as of 2019) who claim Irish ancestry. And in 2019 there were 111,886 U.S. residents who reported their birthplace as Ireland

### Corned Beef and Cabbage

Corned beef and cabbage is one of the most popular meals to eat on St. Patrick's Day. However, it's not necessarily a traditional Irish recipe, as cows in Ireland were used more for their milk than their meat.

That changed in the late 1600s, according to [Smithsonian Magazine](#), when cattle exports to England lowered the cost for salted beef production. "The British invented the term 'corned beef' in the 17th century to describe the size of the salt crystals used to cure the meat, the size of corn kernels,"

according to the magazine. Ireland became a major corned beef producer for England and other countries because its salt tax was cheaper than England's and it had large numbers of cattle. However, many of the Irish people still could not afford the meat for themselves.

In the 1800s, Irish immigrants in the U.S.—many of them in New York City—were able to acquire beef for themselves, primarily from Jewish butchers. "The corned beef they made was from brisket, a kosher cut of meat from the front of the cow," according to Smithsonian Magazine. "Since brisket is a tougher cut, the salting and cooking processes transformed the meat into the extremely tender, flavorful corned beef we know of today."

These Irish immigrants were the ones who helped to shape St. Patrick's Day into a cultural celebration that goes beyond its religious origin. And of course that celebration had to come with a special meal. "The immigrants splurged on their neighbor's flavorful corned beef, which was accompanied by their beloved potato and the most affordable vegetable, cabbage," Smithsonian Magazine says. "It didn't take long for corned beef and cabbage to become associated with St. Patrick's Day."

### Irish-Themed Namesakes in the U.S.

There are several cities in the U.S. whose names have an Irish theme. For instance, there are places in Wisconsin, Oklahoma, Texas, Missouri, and other states with the name of Shamrock. Plus, there are several cities named Dublin, including ones in California and Ohio. More whimsical Irish-themed towns include Emerald Isle, North Carolina, and the township of Irishtown, Illinois. Other locations feature the name Clover.
